

DATA PROCESSING / SMART MONITORING

HIGHLIGHTS

- GDPR CONFORM
- ANALYSIS MOTORIZED TRAFFIC
- ANALYSIS OF VULNERABLE ROAD USERS
- ANALYSIS CRITICALITY

Motorized traffic	Description
Traffic volumes	Counting the total traffic volume
Source - Destination	Source-destination relationships at intersections, traffic circles, etc.
Speed analysis	Average, v85 speeds, speeding
Criticality analysis	Analysis of interaction between motorized traffic - motorized traffic Analysis of interaction between motorized traffic and vulnerable road users

Pedestrian	
Quantities	Counting pedestrians in pedestrian zones, sidewalks
Speed analysis	Walking speeds of pedestrians in m/s
Movement patterns	Movement patterns of pedestrians crossing a meeting zone
Criticality analysis	Analysis of interaction between vulnerable road users and motorized traffic Analysis of interaction between vulnerable road users - vulnerable road users
